

Trained Community Chaplains Available to Assist Farmers for North Dakota Department of Agriculture

The following is a group of volunteer pastors who are trained and certified as community chaplains using a military, non-denominational model. This model has proven to prevent more severe emotional and mental health issues through early intervention. The community chaplains provide services to employees and the general public by a referral or connected relationship.

<u>Name</u>	<u>Location</u>	<u>Cell Number</u>
Sam Saylor	Bismarck	701-471-7581
Curt Dikoff	Bismarck	701-391-0931
